

Award winning **Asset Tracking, AI and Analytics Software Company** dedicated to transforming the experience of interacting with living data from connected assets, sensors and systems.

**AREAS OF EXPERTISE:**

- **Connected Assets**
  - RFID and RTLS
  - Asset Tags and Sensors
  - Rules and workflow configurations
  - Asset Behavior configuration
  - Data Capture and
  - Asset Monitoring
- **Augmented Intelligence**
  - Interactive Visualization
  - Data Dimensionalization
  - Advanced Analytics
  - Multi-channel Notifications
  - Natively Mobile

**47QTCA18D005F**  
 CAGE CODE: **7SY16**  
 NAICS: **511210, 541511**

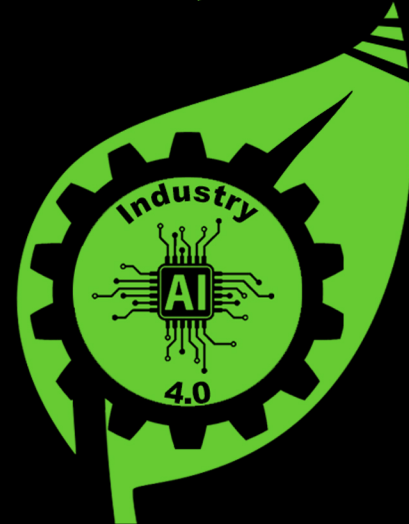

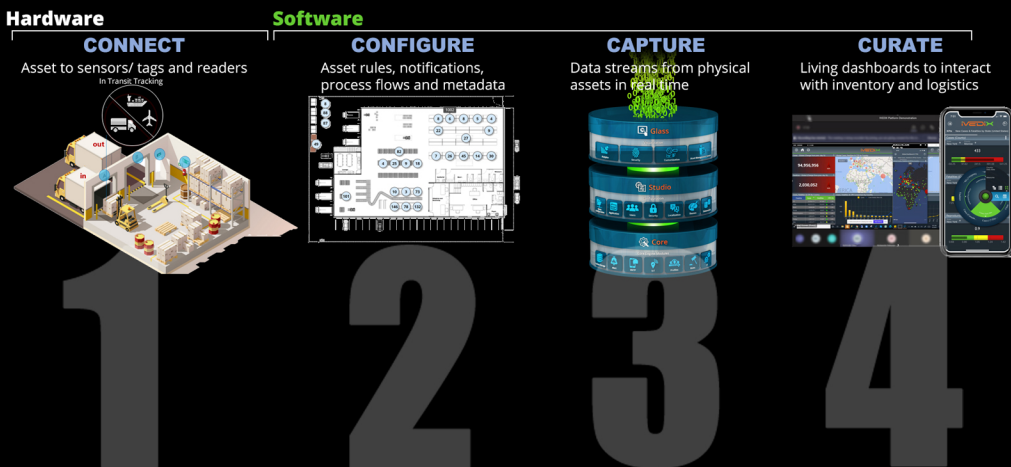

**UNIQUE CAPABILITIES:**

- Industrial IOT Hardware and Protocols
- IOT Sensors and APIs
- Digitize Physical Assets
- Digital Twinning
- Data Dimensionalization
- Software design and configuration
- API Design and Development
- Advanced Analytics and visualization
- Augmented Intelligence
- Embedded AI

**4 STEP DELIVERY**

Connected Assets  A.I.  
The **Asset Intelligence** Software Company
